President George W. Bush, Jr.
The White House

Ambassador Vincent M. Battle.
USA Embassy
Awkar - Lebanon.

Dear Sirs,

On behalf of the Guardians of the Cedars around the globe and all the Lebanese Patriots, we wish to reiterate our profound grief and compassion to you and to the American Nation on that tragic day that struck the United States of America and all the Free World as well.

Such Terrorism has caused the loss of thousands of innocent American people in the United States last year and of 241 Marines in 1983, in Lebanon.

Same Terrorism has killed two hundred thousand Lebanese, handicapped twenty five thousand, detained hundreds of civilians whose fates still remain unknown and provoked the escapee of hundred thousands. The rest of us, are kept hostages in our own country.

This horrifying situation has remained the same for 27 years now: **All because of Syria.**

In Lebanon, Syrian military occupation, Iranian Islamic fundamentalist groups, Palestinian terrorism and the puppet Government of Beirut are all orchestrated by **Damascus.**

The United States, leader of the free world, should protect not only its own citizens, but should also liberate and watch over all the free nations occupied or used as substructure for terrorism.

We pray that your retaliation will put an end to these abominable terrorist activities and will be completed with a Free Lebanon.

Then and only then, our leaders in exile, such as Mr. Etienne Sakr (Abu Arz) and General Michael Aoun, will be able to return home to complete our liberation and stand side by side, as strong allies with the United States of America.

God Bless America, God Bless Lebanon.

The Guardians of the Cedars – Lebanon.
